Re: Florida Hospital Commission – Request for Hospital Contracts Certification

Dear Secretary Dudek,

This letter is in response to the correspondence we received from the Agency dated July 17, 2015 regarding contractual arrangements with hospital providers under Florida Medicaid.

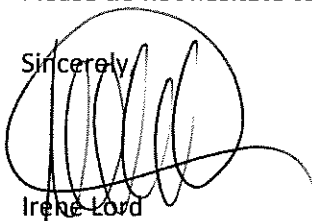

Humana currently is contracted with three health systems under which our reimbursement rate structures result in some claims being paid at or above 120% of the Medicaid fee schedule. In order to remediate this issue, we have implemented claim processes to limit payments above 120% of the Florida Medicaid FFS payment rate, consistent with Florida statute.

Additionally, Humana is actively re-negotiating hospital rates to ensure all payment structures within our hospital contracts result in payments below 120% of Medicaid FFS rate and to alert you to any situations where payments may deviate from this per your correspondence.

As a result of our process changes, all hospital claims payments will be limited to no more than 120% of the Medicaid FFS rate.

Please do not hesitate to call me if you have any questions or need additional information.

Sincerely,

Irene Lord

Vice President, Medicaid Market, Humana
