Dear Ms. Dudek:

I sent a letter back on July 24th in response to the Agency's request for certification that none of our Managed Medicaid contractual arrangements are at or above 120% of the Medicaid fee schedule. Since both of our hospitals in Orlando (SSH Orlando North and SSH Orlando South) operate under one license number and they were both compliant with this requirement, I sent one letter with the intent to respond for both locations. Please confirm in writing to the following email address that you either agree to accept my prior letter to cover both Orlando locations or you accept this letter as a late submission for the Orlando North location: mcastroman@selectmedical.com . Thank you.
