

May 18, 2015

The Honorable Rick Scott
Office of the Governor
400 S. Monroe St.
Tallahassee, FL 32399

Dear Governor Scott:

Flagler Hospital is pleased to respond to your request for information regarding data for the Commission on Healthcare and Hospital Funding. Our team worked diligently to provide as much of the data as possible within the time allotted for response.

You will find on the attached document that we were able to submit data for most of the requested items, dating back to fiscal year 2011. With that said, much of the data we could not quickly assemble can be found via Flagler Hospital's previous submissions to the Agency for Healthcare Administration or on past IRS 990 filings. Please also note that some of the rate information requested is confidential, per state statute and private payer contracts. Finally, several data fields include terms that we found too ambiguous to answer.

As a sole community hospital, Flagler Hospital shares your commitment to ensuring all residents have access to quality health care – and we take our responsibility to do so very seriously. If you or any members of the commission have any questions, please do not hesitate to call.

Sincerely,

A handwritten signature in black ink, appearing to read "Joseph S. Gordy".

Joseph S. Gordy
President/CEO
