**Subject:** Memorial Healthcare System's Transparency Initiatives

Hello Chairman, great seeing you Thursday at the Commission on Healthcare and Hospital Funding. Thank you for taking the time to let me share the Memorial Healthcare System's Transparency Initiatives. One of our key strategic objectives, is to be a leader in quality and safety, and pricing transparency. In support of this objective, we are executing two projects to make key information easily accessible to patients and their families and the communities we serve: 1) Consumer Rate Transparency and 2) Quality and Safety Information Access.

I have attached a brief PowerPoint presentation for your review. Should you or your staff have any questions, we would be pleased to discuss further.

Below are links to our website and two links that will take you directly to rates and quality.
